## ELECTRONIC TRANSMISSION

Dear ASA Members

### Circular 74 of ASA 2018 (07/17) – TOP 10 ATHLETES TO MAKE USE OF SPORT ACADEMY SERVICES

ASA Circular 66 has bearing.

Please find attached a list of the sport academies in each of the 9 political provinces of South Africa. The list of academies is also available on the ASA website under the icon “Centres of Excellence”.

The primary function of these provincial sport academies is to serve as feeder to the Operation Excellence (OPEX) Programme. The primary function of the OPEX Programme is to assist athletes in their preparation for the 2020 Olympic Games and beyond.

The “Strategic Framework and Policy Guidelines”, of the provincial academies are defined and is available on the ASA website under the icon “Centres of Excellence”. The document also elaborates on the objectives and duties of the academies.

In some provinces there are also private academies, district academies and sport focus schools. These institutions roles and responsibilities are also defined within the “South African Sports Academies Strategic Framework and Policy Guidelines”.

**ASA is in the process of capturing the contact details of the private academies, district academies and sport focus schools that will also be listed on the ASA website in due time. In this regard, ASA ask the assistance of ASA Members to provide ASA with the details of private academies, district academies and sport focus schools in their area.**

Lastly, but most importantly, ASA encourage all athletes listed on the ASA website under statistics/Top 10 Rankings, and their coaches, to make use of the academies in their area to assist them in qualifying for South African teams.

Athletics greetings

Richard Stander  
ASA ACEO
