To	Boland Athletics Members
From	Dr Harold Adams, Boland Athletics President
Date	5 June 2020
Subject	<b>Boland Athletics update on the status of athletics during COVID19 Level 3 Regulations</b>
No pages	1

Dear Boland Athletics Members,

The COVID19 pandemic is still with us, with infections and deaths steadily rising around the world and our country.

Boland Athletics has kept our members updated with all the statements that were issued by Athletics South Africa whenever there was a need to do so and at times in response to the uncertainty of what will happen to the championships and scheduled events across the country.

In this regards Athletics South Africa has communicated effectively to address many issues that were out there to cause confusion amongst our members, during this difficult period of uncertainty in life and sports in general.

Our Government has introduced urgent and drastic measures to combat and manage the disease, to protect the people of our country and reduce the impact of the virus on our society and on our economy.

Our Government needs all the support that we should be giving to make their role easier to combat the virus.

It is essential therefore that we minimize the risk of the spread of this virus by limiting contact amongst groups of people.

All athletics events in our country therefore remain postponed and others cancelled at all levels of our membership. This is based on government regulations and rules that put life first to entertainment and enjoyment.

Boland Athletics will therefore be led by the guidance and direction of Athletics South Africa on any new developments in this respect, and we will inform our members accordingly.

Thanks very much for your patience, discipline and co-operation in fighting this pandemic.

Stay safe and take good care of yourself and your loved ones.

Yours in Sport.

Dr Harold Adams  
President Boland Athletics  
Vice President Athletics South Africa
