TECHNICAL OFFICIALS SYMPOSIUM AT DAL JOSAPHAT STADIUM, PAARL ON SATURDAY 15 JANUARY 2022

Boland Athletics hosted a very successful Technical Officials Symposium at Dal Josaphat Stadium on Saturday 15 January 2022.

The purpose of this Symposium is to give expression to the Technical Officials Education and Certification System (TOECS) of World Athletics and Athletics South Africa, to improve the level of athletics officiating all over the world, to empower our Technical Officials to ensure the smooth and successful running of athletics events, for the benefit of athletes.

There have recently been a number of changes to the World Athletics (WA) Rules, both in content and in structure.

The ASA Technical Committee therefore hosted a Technical Official Course Facilitator Workshop on 19 to 21 November 2021 to align to the changes of the WA Rules and to accredit Technical Officials to facilitate Technical Official Courses in their respective provinces.

This Boland Athletics Technical Officials Symposium covered all the new World Athletics Rule changes, with in depth discussions of the interpretations for implementation of the World Athletics Technical Rules. Our Technical Officials are ready for the 2022 Boland Athletics Season.
